

## **D. E. O's APPEAL**

Dear Voter,

You are well aware that Lok Sabha Elections are being held across the country alongwith our state, as per instructions of the Election Commission of India. Your active participation in these elections is absolutely necessary. Voting is not just your right, but your duty as well.

Each Vote counts in the elections. Therefore, please do come to the polling booth on your polling day and cast your Vote by pressing the blue button against the symbol and name of your preferred candidate in the EVM. There is also the option of 'NOTA, i.e. 'None of the Above' for those, who do not want to cast their vote for any candidate.

It is your duty as well as mine to take our nation forward. So, please remember to Vote on polling day. I wish to tell my young brothers and sisters who are about to Vote for the first time that they should strengthen the future of their nation as well as their own by casting their votes. Hence, cast your vote and be a part of nation-building.

Thank you.
